Bunnell, FL 32110
Telephone: (386) 313-4009

Required Attachments for Site Development Plan Review in a PUD Application:

- 1.) Copy of Owner(s) recorded Warranty Deed;
- 2.) Application fee of \$970 plus 45.00/acre or portion thereof, payable to BOCC.
- 3.) Set of complete site plan meeting all requirements of Flagler County Land Development Code.

3.04.03. Site development review of a PUD.

A. *Site development plans.* Following the enactment of an ordinance creating a PUD, a detailed site development plan shall be submitted to the technical review committee prior to the start of construction. The technical review committee shall review the site development plan to determine compliance with county development ordinances and consistency with the Flagler County Comprehensive Plan. The site development plan shall then be reviewed by the planning board. The planning board will recommend approval or denial to the Flagler County Commission. The Flagler County Commission will make the final decision for approval or denial on the plan. Where the PUD is to be phased, the site development plan submitted may be for only that portion for which construction is pending.

B. *Submittal requirements.* The site development plan and any necessary supporting documents or exhibits shall contain the following information:

1. The applicant shall meet with the development administrator, county engineer, and county attorney to review the proposal prior to the submittal of all application materials. The development administrator, county engineer and county attorney may request additional plans, maps, studies, and reports as they may reasonably require to make a recommendation on the proposal to the county commission.

2. A PUD master plan at an appropriate scale for presentation, showing and/or describing the following:

- (a) Proposed land uses and their location and acreage;
- (b) Lot sizes, indicated by lot lines drawn on their proposed location or by a statement noted on the face of the master plan concerning lot sizes, including minimum lot sizes proposed;
- (c) Building setbacks defining the distance buildings will be set back from:
 1. Surround property lines;
 2. Proposed and existing streets;
 3. Other proposed buildings;
 4. The centerline or banks of rivers, streams and canals;
 5. The high-water line of freshwater lakes, mean high-water line for saltwater;
 6. The coastal setback line unless the FDNR has issued a permit for construction seaward of the coastal construction control line;

NOTE: The applicant or a representative, must be present at the Public Hearing since the Board, at its discretion, may defer action, table, or take decisive action on any application.

- (d) Maximum height of buildings;
 - (e) The number and type of residential units proposed, their general site distribution, average density and price ranges;
 - (f) Proposed floor area ratios and maximum ground coverage for nonresidential uses;
 - (g) A table showing acreage for each category of land use;
 - (h) Vehicular, pedestrian and mass transit peakhour vehicular traffic movement throughout the property, and indicating its point(s) of access to or egress from the property (this requirement may be waived by the development administrator when it is determined that the proposed development is of such limited size that it will create no undue volume of vehicular traffic movement);
 - (i) Location, character and scale of parking including:
 - 1. Developed recreation;
 - 2. Common open space;
 - 3. Natural areas; and
 - 4. Screening, buffering and landscaped areas, with estimates of approximate acreage to be dedicated and that to be retained in common or private ownership.
 - (j) A topographic map at an appropriate scale showing existing contour lines, including all existing buildings and wooded areas;
 - (k) Relation of abutting land uses and land use districts to the proposed planned unit development, including where view protection is an objective, location of principal public viewpoints into or through the proposed planned unit development.
3. A proposed utility service concept plan, including sanitary sewers, storm drainage, potable water supply, and water supplies for fire protection, including a definitive statement regarding the disposal of sewage effluent and stormwater drainage, and showing general location of major water and sewer lines, plant location, lift stations and indicating whether gravity or forced systems are planned. Size of lines, specific locations and detailed calculations are not required at this stage.
4. A statement indicating the type of legal instrument that will be created to provide for the maintenance and ownership of common areas.
5. If applicable, a description of the proposed staging plan shall be submitted indicating, for each project stage:
- (a) The uses, location, floor areas, and residential or other densities to be developed;
 - (b) Streets, utilities, and other improvements necessary to serve each proposed

NOTE: The applicant or a representative, must be present at the Public Hearing since the Board, at its discretion, may defer action, table, or take decisive action on any application.

project stage;

- (c) The proposed dedication of land to public use, and setting forth anticipated staging and completion dates for each project stage; provided that in lieu of an indication of specific timing, initiation of succeeding stages may be made dependent upon completion of all or substantial portions of earlier stages.
 - 6. A statement with general information regarding provisions for fire protection.
 - 7. A statement regarding the contributions which will be made by the developer to local government for facility expansion required as a result of development.
 - 8. Proposals concerning any restrictive covenants to be recorded with respect to property included in the planned unit development.
 - 9. Any special surveys, approvals or reports.
 - 10. Reduced copies of the preliminary master plan, suitable for mailing, must be provided to the planning and zoning director at the time of application.
- C. *Approval of development plan.* The Flagler County Commission shall review the site development plan for conformance with the ordinance passed under subsection 3.04.02 and with the Standards and criteria of subsection 3.04.04. Action to approve, modify or deny the site development plan shall be taken by the commission within sixty (60) days of receipt of the plan by the commission. Written notice of action to deny the plan shall be given to the applicant within thirty (30) days of the action.
- D. *Recording.* Upon approval of the site development plan and approval of notification of such action from the county commission, the applicant may present such copies as are required to the Clerk of the Circuit Court of Flagler County for recording. A copy of the site development plan shall also be sent to the planning and zoning director.
- E. *Permits required.* All construction in the development of a PUD shall proceed only under applicable permits, issued by the building official's office; and no building permit, certificate or other document authorizing construction or occupancy within the PUD shall be issued, except in accordance with the approved development plan.
