Flagler County CORE

Coordinated Opioid Recovery

A NETWORK OF ADDICTION CARE

WHAT IS CORE?

The Coordinated Opioid Recovery (CORE) initiative is a multi-agency, multi-disciplinary, brand new system of care created to combat the opioid crisis. This new approach unites an expansive network of community partners who all share the same goal of preventing opioid-related overdose deaths.

The key features of this program include the following:

- **FREE:** regardless of whether or not you have insurance
- **CONFIDENTIAL:** no one outside of your care team will know you are receiving treatment
- **No law enforcement involvement:** we are not looking to get you into trouble, we just want to help
- **Peer support:** speak with someone who has been there
- **Medication-Assisted Treatment:** evidence-based opioid use disorder treatment
- **Counseling:** behavioral health support continues past just the opioid use disorder treatment
- **Care coordination:** CORE supports the whole person and all presenting needs

WHO IS INVOLVED?

Flagler County CORE employs a team of local agencies committed to giving those struggling with opioid use disorder a real chance at recovery. The team includes peer support specialists, community paramedics, care coordination staff, counselors, and medication assisted treatment providers from each of the agencies shown here.

FlaglerCares
Helping People, Transforming Communities. Changing Lives.

HOW DO I GET HELP?

Our "no wrong door" approach means you can get involved with CORE through any of the partner agencies listed here, or you can reach out to us directly using the information to the right.

This program is free to anyone who needs help overcoming opioid use disorder. It is completely confidential and there is no law enforcement involvement. Reach out to us using the information below or visit our office.

Flagler Youth & Young Adult Diversion Expansion Program

Progress Report: October 1 to December 31, 2022

The grant funded program began on October 1, 2021 as a continuation and expansion of the previous youth-focused diversion project that operated for the previous three years.

PROGRAM COMPONENTS

- **Started 10-1-21:** Early identification of behavioral health concerns and delinquency risk among school aged youth, referrals for services and care coordination. Implemented by Flagler Schools and Halifax Health.
- **Started 10-1-21:** Behavioral Health services and support enhancement to Flagler Schools' Restorative School/Alternative Placement program for school aged youth
- **Started September 2022:** Co-Responder program with Flagler County Sheriff's Office creating new capacity to respond with deputies to a behavioral health crisis and provide follow-up care coordination to young adults & youth

NUMBER OF INDIVIDUALS SCREENED & ENROLLED (cumulative)

- **2,570** Individuals Screened
- **1,439** students screened who required services
- **103** youth and youth adults enrolled in the program

LINC FLAGLER VOLUSIA REFERRAL MANAGEMENT SYSTEM

Referral Management and Care Coordination system used to manage and track program data.

Program Goals:

- Increase access for at risk youth and young adults to effective mental health and substance abuse interventions, at the earliest point, to prevent contact with the juvenile/adult justice system and to ensure a successful transition after justice involvement into appropriate school and community-based care
- Engage Program partners, Public Safety Coordinating Council (PSCC) agencies, and community behavioral health providers in the Flagler Expansion Project to support adoption and adherence to shared values and goals, regular communication, data sharing and strategic partnership.

Target Population:

- School-aged youth and young adults up to age 25, with both risk factors for justice involvement (or actual involvement) and indicators of mental health or substance abuse concerns.
